The Kiwi Package

Qualifications

Bachelor of Science in Physiotherapy

Doctor of Philosophy

University

University of Ibadan

Hospital Experience

I have 22 years of experience in the hospital setting, but my present and longest work experience is at a tertiary hospital setting that has inpatient and outpatient clinics. I worked as a post-National Youth Service Corps Physiotherapist fully licensed to render medical rehabilitation services to people of all age groups. I started my practice from the cadre of a Grade I physiotherapist, through the post of a senior physiotherapist, to a principal physiotherapist, chief physiotherapist and presently a Deputy Director of Physiotherapy services. I have hence practised clinical physiotherapy in this appointment for the past 20 years. I covered rotations in Orthopaedic, Paediatric, Neurological, Women;'s Health, Geriatric and Cardiopulmonary physiotherapy. The types of services provided are dependent on the cases available for management, hence services provided are a function of the subspecialty providing the services. The standard interventions used in physiotherapy practice were employed in all units. I was involved in using different forms of electrotherapy and exercise therapy modalities to manage symptoms and impairments. Health education in the form of back school/hygiene and postural corrections was also used for primary and secondary prevention of musculoskeletal impairments.

Private Practise MSK Experience

I have spent 22 years in private consultation clinics as this is done alongside my main employment though on a part-time basis.

Special Interests

I am a Physiotherapist with a special interest in the management of Neurological conditions also described as a Neuro physiotherapist. I have a series of certifications and postgraduate training to the extent of a Ph.D. in Physiotherapy.

More about MO

Quotes from References

Accuracy / Timeliness and Workload

MO and I worked as part of a multidisciplinary team given that we are from different but related professions. He demonstrated amazing adaptability, innovation and competence that made him an invaluable member of our team.

Strengths

MO always shows commitment to any work given him to do
MO is a good manager and a specialist Musculoskeletal physiotherapist.
MO has excellent accuracy and time management skills.

Other Comments

We have worked together on some projects, and he was found to be excellent. I have no reservation in recommended him for any post given his work ethic, professionalism and overall competence.

CPD Courses

Mechanical diagnosis and management of the Spine using the McKenzie, Nwugarian and Maitland approaches.
Theories of motor control and motor learning
Non-pharmaceutical pain management
PNF and CIMT

MO enjoys a pleasant environment under favourable working conditions which include clear expectations, frameworks and rules that also apply to managing professional and personal life.

More about MO

Who Am I

A resourceful, versatile, positive, result-oriented middle-aged professional with sound experiences in Medical Rehabilitation and public health-related responsibilities; holding a professional position that aims to challenge my clinical/academic skills at providing services to individuals and populations to develop, maintain and restore maximum movement and functional ability throughout the lifespan.

New Zealand Experience

None

Temperament Typology Explained

Temperament refers to a person's inborn qualities. This assessment measures extraversion on one axis and task or people orientation on the other.

- Leopards (L1) are task-orientated introverts.*
- Lions (R1) are task-orientated extroverts.*
- Dolphins (R2) are people-orientated extroverts.*
- Elephants (L2) are people-orientated introverts.*

Temperament Typology

MO is motivated by seeing results and quality. He is an analyzer and will try to accommodate the other people. MO scores highest in his ability to be patient and is a clear and detailed communicator. He can stick to the task and is persistent. He enjoys working in an orderly, secure and organized work environment. He is the practical and organized type.

Temperament Graphic

Temperament Typology Result

| | | | | |
|----|----------|-----|-----------|-----|
| L1 | Leopard | 73 | Extrovert | 57 |
| R1 | Lion | 32 | Introvert | 183 |
| R2 | Dolphin | 25 | Task | 105 |
| L2 | Elephant | 110 | People | 135 |
