Hospital Experience

I have over 9 years of private practice setting. My role included providing good leadership in the physiotherapy department, overseeing the development and implementation of clinical programmes. Demonstrating advanced knowledge and skills in physiotherapy, ensuring the delivery of high-quality patient care. Supervising and mentoring a team of physiotherapists, ensuring effective collaboration and professional development. Conducting thorough assessments of patients with cardiopulmonary conditions, developing personalized treatment plans. Assessing and treating patients with a wide range of musculoskeletal, neurological, and respiratory conditions, tailoring interventions to individual needs. Involved in mentoring, training, teaching and supervision of interns and students.

Private Practise MSK Experience

I have over 6 years of private practice. My duties included providing expert leadership in physiotherapy services, overseeing clinical programmes, and ensuring the delivery of high-quality patient care. Developing and implementing strategic plans, aligning physiotherapy services with organizational goals and promoting excellence in healthcare delivery. Making informed executive decisions to optimize organizational performance, considering both clinical and business perspectives. Leading and inspiring a multidisciplinary team of healthcare professionals, fostering a culture of collaboration, innovation, and continuous improvement. Involved in monitoring patient progress and management, providing hands on therapy, educating and doing CPD trainings.

Special Interests

As a physiotherapist, I have developed a deep passion for cardiopulmonary physiotherapy. I find immense satisfaction in helping patients with cardiac and respiratory conditions improve their quality of life and regain optimal function. My dedication to this specialization drives me to stay updated on the latest advancements and techniques in cardiopulmonary rehabilitation. I am currently finishing my MSc in Cardiopulmonary Physiotherapy. I look forward to working with patients and collaborate with other healthcare professionals to deliver comprehensive care and achieve the best possible outcomes for my patients.

More about TA

Quotes from References

Accuracy / Timeliness and Workload

TA effectively prioritizes and allocates time to meet the demands of a busy clinical setting. He manages caseloads well by optimizing patient care without compromising accuracy. TA keeps accurate and comprehensive records, ensuring continuity of care. TA is time conscious and always try his best in achieving tasks given to him

Strengths

TA has good clinical expertise and strong communication skills. He collaborates seamlessly with other healthcare professionals. He has effective leadership qualities. He has good time management skills and is adaptability.

Other Comments

TA has a good personality. I am delighted to recommend him for the position he is applying for

14. Variety

FINANCIAL REWARD:

TA wants the ability to earn a good salary and feels it is important to be financially rewarded for their efforts.

WORK-LIFE BALANCE:

TA likes to strike a good balance between work life and personal life. Flexibility regarding work, rest, and holidays are important and does not like work to interfere with their personal life.

SECURITY:

TA highly values security, especially when it comes to financial stability, and clarity about prospects for the future.

More about TA

Who Am I

I am a dedicated and compassionate physiotherapist with a strong commitment to providing exceptional patient care and improving quality of life. With extensive experience in clinical practice, I excel in conducting thorough assessments, developing personalized treatment plans, and guiding patients through their rehabilitation journey with empathy and encouragement. My approach to patient care is holistic and patient-centered, emphasizing open communication, collaboration, and empowerment.
