Hospital Experience

Played an integral part in managing responsibility in the outdoor patient rehabilitation with patients who have a range of conditions, including neurological, respiratory, musculoskeletal, neuro-musculoskeletal cardiovascular, pediatrics, Obstetrics, gynecology, and sports injuries.

- Efficiently engaged in managing inpatient treatments to support functional independence and improvement.
- Collaborated with other members of the team i.e., physicians, nurses, and other para-medical staff to provide the best care to the patients.
- Modified treatments plan according to the patient's progress.
- Provided the patients with best therapy by improving the mobility, physical strength, cognition, and quality of life in people of all ages.

Private Practise MSK Experience

I have worked in Pakistan Railway General Hospital for 6 months after graduating. Following, I worked as a Physio Intern In Rathore Eye Hospital and Medical Complex. I worked as a Physiotherapist in Bahria Town Stroke and Rehabilitation Centre for two years and four months. I have been working in Private Practice in New Zealand since August 2023.
